LIVING A HUNDRED YEARS.

Chicago Philanthropist Tells How the Goal May Be Reached.

Dr. D. K. Pearson continues his campaign of living to a hundred years, and that, too, in Chicago. He also would encourage his followers to like longevity. Hence he takes the public into confidence and gives his formula:

9 a.m.—Wake up and get up.
9:15 p.m.—Get up.
9 a.m.—Catch a train.
9:30 a.m.—Reach Chicago.
9:45 a.m.—Walk into the office.
12:10 p.m.—Board train for home.
1 p.m.—Eat dinner.
1:45 p.m.—Take a nap.
3:15 p.m.—Get up.
3:30 p.m.—Head, talk and ride.
8 p.m.—Eat light supper.
8 p.m.—Retire.

Dr. Pearson says of living: "Most men dig their graves with their teeth. My stomach is my friend, and I'm happier than any other man on earth. Old age depends upon heredity, common sense and a good stomach. There are a lot of fellows down here who tell me they want to live a long life and a merry one. I want to live a long life, and a jolly one—in my own way. A lot of men have a fine time with midnight banqueting and speakeasying. Let them go. I've got more room up here on the hill, 200 feet above Chicago, with the windows open at the bottom, and it's as good as a picnic to me to go to bed there at 8 o'clock every night. Mrs. Pearson and I eat practically no meat at all. A vegetable and fruit diet will help a man to remain young. It's better than the fountain of life or the medicinal baths. No pies or cakes—except for company. Our servants have meats and sweets, but none for me."

Dr. Pearson is now 51. He has worked much and worried little. Hereafter he will work little and worry not at all. In addition to his schedule of daily routine, he adds, by way of diversion, occasional donations of hundreds of thousands of dollars to philanthropy.

Dr. Pearson's system is so simple as to readily recommend itself to general adoption, especially this last-named occasional indulgence in largeness of liberality.

D. HECHINGER & CO

The Young Men's Suits we sell follow closely the styles that are made for their elders. They have that almost indescribable air of "youngmanishness" that is absolutely necessary in order that the suit may be becoming. This accounts for the boys wearing our suits.

Have you seen our Shirts? They are all right. The Manhattan Shirt people tell us that they are astounded at the quantities of their goods we order and sell. You see they do not know the people in this locality as well as we do. Our folks want the best in everything; it is the cheapest. Just received a fresh invoice of them; call in and see them.

We have a magnificent variety of Midsummer Neckwear (just in) that will interest you. Our Flannel Coats and Vests are appreciated. We know this from the number of them sold in the past few days. Our Shoe Department offers nothing "sensational" in the way of give-away bargains. We simply buy and sell the best Shoes made in the world. Hanan & Son and W. L. Douglas are our leaders. We have all the latest styles, have them for the nobby dresser, also for those that solely look for comfort; we sell them at legitimate prices and warrant every pair we sell. Our Stetson Hats, both in soft and derby, and our Brigham-Hopkins Straw Hats are the proper headwear. Look at them.

MR. POSTMASTER GENERAL SMITH—himself a practical newspaperman has decided to debar from second-class mail privileges the large class of periodical publications which depend largely on gift enterprises, guessing contests or nominal subscription rates for their circulation. This sweeping reform, designed to put the postal service on a paying basis, is to be ordered by a modification of the postal regulations under existing law.

By the new regulations a vast amount of printed matter that now pays for transmission at the rate of 1¢ will be charged 5¢ a pound. The second-class matter has grown until it now embraces nearly three-fourths of the entire weight of all mail matter handled by the Government, and yet it brings in a revenue of less than \$4,000,000 a year out of the entire postal revenue of more than \$110,000,000. While it contains about three-fourths of all the weight, it furnishes only about one-thirtieth of the revenue. To handle and carry the second-class matter costs fully \$60,000,000 a year above what the Government receives for handling and carrying it.

In the revised regulations about to be issued the Postmaster General will endeavor to carry out the purpose of Congress and of the Executive by restoring a stricter enforcement of the law.

The new order will not interfere with legitimate newspapers and similar periodicals, but it will cut off the abuse by which numerous publications load down the mails with circulations induced wholly by merchandise offers or guessing contests that are either fraudulent in character or reduce the circulation to nominal rates. It is also likely to cut off trial books, which have secured admission as second-class matter.

The order will probably not be made operative immediately, in order that publishers may have an opportunity to conform to the new requirements.

It may not be uninteresting to the taxpayers of Mayville to know just what the present so-called "streets" have cost them during the past fourteen years.

Here are the figures—

1887.....	\$ 9,907 41
1888.....	10,294 17
1889.....	11,129 78
1890.....	12,428 95

THE GREAT TONICLAXATIVE

At some time, if not habitually, you have sour stomach, indigestion, biliousness, constipation, bad breath, dizziness, inactive liver, heartburn, indigestion, backache, loss of appetite, insomnia, lack of energy, bad blood, bloated or muddy skin, or some of the other symptoms and disorders which tell the story of bad bowels and an impaired digestive system. Laxative will cure you. It will clean out the bowels, stimulate the liver and kidneys, strengthen the mucous membranes of the stomach, purify your blood and put you on your feet again. Your appetite will return, your bowels will move regularly, your liver and kidneys will cease to trouble you, your skin will clear and freshen and you will feel the old time energy and buoyancy.

Mothers who had been seeking the proper medicine to give their little ones for constipation, diarrhea, colic and similar troubles, find Laxative an ideal medicine for children. Children like its taste and ask for it. It keeps their bowels regular without any pain or griping, and acts as a general tonic at the same time. It will assist nature, aid digestion, relieve restlessness, clear the coated tongue, reduce fever, cause refreshing, restful sleep and make them well, happy and healthy.

Laxative, the great laxative tonic, is not only the most efficient of family remedies, but the most economical. It contains no opiates, no poisons, no harmful ingredients. It is pure, safe, and can be used for free sample to THE TONIC LAXATIVE CO., N. Y. or 355 Dearborn Street, Chicago.

WE MUST REPEAT.

When Everybody in Mayville Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the male and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easily proven that not a vestige of doubt remains. Public indorsement of local citizens is easily proven. Read this case:

Mr. M. L. Spencer, grocer of Forest Avenue, says:

"For many years I was greatly troubled from the lack of proper action of the kidneys. I feared the incipient state of diabetes, and learning about Doan's Kidney Pills, I procured a box. The benefit derived from its use warranted me continuing the treatment. The results obtained in the cases of others I know as well as in my own is a guarantee of the great value of Doan's Kidney Pills."

For sale by all dealers; price 50 cents a box. FOSTER-McMURRAY CO., Buffalo, N. Y.
